

Summary of the research

Title of the Thesis: The Differences of practicing AL-Hisbah (enjoining good and forbidding evil).

AL-HISBAH: to promote integrity and virtue, oppose wrongdoing, and reform between people.

Differences: is to show the distinction between two similar doctrinal in one or more sides of differentiation.

Out of these two words I obtained the title of the letter to indicate the content, and determine the subject of research, which is a statement of differences in matters relating to AL-HISBAH. The task has been divided between three of the researchers under the guidance of the supervisor of the master research AL-Sheikh: Dr. Nasser Ali Al-Ghamdi - may Allah protect him - and blessed approval from the council of the department of Hisba at the Higher Institute for the Promotion of Virtue and Prevention of Vice

research aims:

My participation and share in this project are to collect and study the differences of the last two pillars of AL-HISBAH:

Search Plan:

Based on the above, the research has been divided into two chapters, started by an introduction: presents the problem of research, its importance, the reasons for its selection, objectives, questions, limitations, previous studies, research plan, methodology, and a preface defines AL-HISBAH and the differences.

Chapter I:

The first chapter includes six topics in the differences related to the performer of Promoting virtue and Preventing of Vice, as follows:

The first topic: the difference between changing evil and forbidding it.

The second topic: the difference between evil and sin.

The third topic: the difference between the apparent evil and the hidden evil.

The fourth topic: the difference between performing AL-HISBH by requested, prohibited, promoted, and unpleasant to be done.

The fifth topic: the difference between Promoting virtue and preventing vice individually.

The sixth topic: the difference between avoiding oppose evil-doing if it is corrupting preponderant, and permission to be performed.

Chapter II:

The second chapter includes seven topics in the AL-Hisbah differences, as follows:

The first topic: the difference between the three levels of performing Al-HISBAH.

The second topic: the difference between the levels of performing Al-HISBAH.

The third topic: the difference between performing Al-HISBAH.

verbally and written it.

The fourth topic: the difference between performing Al-HISBAH of past evil doing, current evil doing, and predicted evil action.

The fifth topic: the difference between performing Al-HISBAH in the issues of disagreement and diligence.

The sixth topic: the difference between performing Al-HISBAH politeness and flattery.

The seventh topic: the difference between performing Al-HISBAH by abandonment of sin, and abandonment of the moment.

The chapters are followed by a conclusion in the research findings and recommendations, and then detailed indexes of the study.

Prepared by the researcher: Abdullah bin Yousef Bawahab

2018-2019

Supervision of Sheikh Dr. Nasser bin Ali Al-Ghamdi.
